VOL. XVII. NO. 300. CHARLEROI, WASHINGTON CO., THURSDAY, JUNE 7, 1917. ONE CENT

ELIGIBLES IN COUNTY TO FIGHT GERMAN KAISER NUMBER 19,400

Sheriff Wickerham Hears From All Precincts, Giving Large Total

WILL TELEGRAPH GOVERNOR

Harrisburg Must be Notified—Registration Board Concludes Strenuous Labor and Shuts up Shop—Another Slacker Is Reported

With all precincs in the county except one heard from regarding the military census held Tuesday, Sheriff Wickerham, chairman of the county registration board, closed headquarters this morning at 1 o'clock prepared to telegraph Governor Brumbaugh that Washington county would have 19,400 men eligible for draft into the army that is to put the Kaiser to rout.

Canonsburg First ward registrars alone had not reported and the unofficial estimate of the number of eligibles in that district was fixed at 340 making a total for the county of 19,379. Sheriff Wickerham sated that with a few changes which a revision of returns would make, the number for the county would probably be just about 19,400, although the change from the 19,379 figure might not be more than ten. The number will run close to Sheriff Wickerham's estimate of 20,000 men.

Competition of the court of men subject to draft ended a strenuous week for the sheriff and his registration board. Headquarters in grand jury room No. 4 in the court house was open almost continually from Tuesday morning until early past midnight and the men in charge had little respite from hard work.

Sheriff Wickerham has had no reports of "slackers" from any place in the county. It is reported that the Hopewell township registrars know of one man who refused to register and left the township a few days before Registration Day, after declaring he was opposed to enrollment. It is understood he will be placed under arrest at once and turned over to federal authorities.

STORY OF BRUTAL ASSAULT OF GIRL EXCITES FREDERICKTOWN

The story of a brutal assault on a school teacher of Vestaburg, whose name is not known here, has aroused people of the Fredericktown region to a high pitch of indignation. The girl was found unconscious Wednesday morning by a train crew, with her head partly under a culvert, both feet tied, and her clothing so disarranged as to indicate that there had been a struggle. Borough Council Takes up Much Important Business at Meeting

TWO PAVING BIDS RECEIVED

Hastings and Piper and Thomas Arrigo Seek Contract For Paving Portions of Lookout Avenue—Westside Company Seeks Privileges

Improvement ordinances were considered and paving bids were opened by council at the regular monthly meeting Wednesday evening. All members with the exception of President D. R. Duvall were present, he being ill. Councilman H. L. Swickey presided as president protem.

The ordinance for the improvement of Lookout avenue from Fourth to Fifth street passed final reading and was made ready for the signature of Burgess S. L. Woodward. An ordinance was introduced providing for the grading and paving with concrete and for the sewering and draining of Fourth street, between Church alley and Lincoln avenue, and another for the vacation of a portion of Fourth street. This was in line with a request presented early in the evening by Miss Minnie Richardson, who sought to have Fourth street improved at the point mentioned.

Just two bids were received on the paving of Lookout avenue from Fourth to Fifth street, from Fifth to Sixth [illegible] from Seventh to Eighth and he[illegible] Lake Erie & [illegible] Thos. Jewell [illegible] T. J. [illegible] was instructed to tabulate the bids. Council will meet again Friday night and will consider awarding the contract. There is a hint that the work might be put off tempararily on account of the tremendously high cost of material, but this will be decided later. Bessemer brick blocks will be used.

W. H. Hendershot was present stating a McKean avenue sewer at Eighth street was not deep enough, and mentioning that the condition was causing an annoyance. The street committee was given power to act.

An ordinance was presented in favor of the Westside Electric Street Railway company granting the company the right to connect with the lines of the Pittsburg Virginia and Charleston railroad, to be laid up Maple creek and to haul freight over them.

Resolutions were accepted that were a release of damages in the erection of walls along Crest avenue in front of the properties of Antoni Cantoni and Eugenia Landrin. The borough agrees to erect the walls in lieu of the apparent damage done by paving of the street.

I. P. Hepler, representing W. P. Stigers and A. L. Bowers, appeared before council asking that their prop-

HELP OF THE NEWSPAPERS

Never in history was there a greater advertising campaign conducted than during the few weeks period beginning with the President's Proclamation of registration day and ending with the day itself. Yet the advertising cost was extremely low, not being more than the average small town merchant would spend in his advertising in a week's time.

The advertising was done for registration day, to get the young men of the nation to register. And the way they did register proved simply he success of the campaign. Supplies, though thought to be more than ample, were entirely inadequate. The condition was general.

Basically the advertising was done by newspapers with one accord the daily and weekly publications of the nation turned in and did their bit, which was publishing column after column of matter announcing the date of registration and setting forth the provisions of the conscription law governing it. Of course the people read it for they were directly interested. Of course they talked it.

Had it not been for the able assistance of the newspapers the government would not have been able to prepare for registration day in two months longer time. With instantaneous news service and perfect co-operation the papers presented the facts of registration day the moment the government released the news, and enlarged on it day by day, so that the person who did not know the provisions was indeed disinterested grossly ignorant.

During this war the government will need the people [illegible] newspapers. They have shown in this one particular the sort of service they can render and there will be other occasions. They only need to be trusted.

MOTORCYCLIST BADLY INJURED IN ACCIDENT

Californian Suffers Horribly When His Machine Meets Automobile in Collision—Is Removed to Brownsville General Hospital

One of the most serious automobile and motorcycle accidents in the West Pike Run section for some time occurred Tuesday night, about 7 o'clock on the National pike, near the home of Mr. and Mrs. William Grimes. As a result Gaudino Peter aged 27 years of California, was disemboweled and is lying in a critical condition in the Brownsville hospital.

Full details of the accidents have not been received as Peter was in a semiconscious condition when picked up and has been in no condition since to tell of the accident.

It appears that Peter was on his way home and headed towards Centerville. When near the Grimes home and at the point where he was about to leave the pike for the California road, an automobile loomed in front of him. It seems that the driver, a Coal Center man, had got past the place of turning and discovering his mistake, turned. Peter had the right-of-way however, inasmuch as he was traveling on his side of the road. However, the two met, the motorcycle striking the machine squarely. Peter was hurled from his motorcycle and when picked up a few minutes later was semi-conscious the handle of the motorcycle having penetrated his side.

W. R. Weaver of California, came along about that time in a Ford delivery truck. He picked up the injured man and took him to the Brownsville hospital for treatment. Peter suffered intense pain.

FARM BUREAU URGES GROWTH OF BUCKWHEAT

Need as Feed for Livestock, Even if Grade is Not Suitable For Grinding Into Flour—Good Crop is Now Anticipated

In view of the high prices of feed and the prospect of still higher prices next year, the Washington County Farm bureau is urging livestock owners to grow as much feed themselves as they can, and to pay particular attention to the merits of buckwheat as feed.

County flour mills are equippped to grind buckwheat into feed, but not into flour. Buckwheat is very good feed for chickens, fed as grain, and makes good ground feed for cattle.

Under normal conditions buckwheat is not looked upon as a profitable crop in this county. This year, however, it probably will be. In this climate there is danger of the blossoms blasting and not filling, but a big growth of straw is almost certain.

erty be released from paving liens now resting against them. Council took no action.

Health Officer W. M. Darby asked council to give him a decision on the matter of a sewer for Maple creek, stating he would have to inform property holders. He was told the borough could not well lay a sewer there at the present time, and that the property holders would have to arrange sanitary vaults.

A communication was received from the Pittsburg Plate Glass company, asking the improvement of Seventh street from McKean avenue to the railroad. The street committee was told to investigate and report back to council.

The street commissioner was instructed to proceed with laying a sewer from the McNaughton property above Lookout avenue to Eighth street.

Upon a request from the Board of Health the selection of William Murphy as a member of the board to succeed the late Oscar C. Linn was ratified.

A petition was received for a sidewalk on an alley between Meadow avenue and Shady avenue that is a continuation of Tenth street. StreetCommissioner Jacob Hormell was instructed to lay a single board.

R. C. Mountser requested permission to remove the curbing on Third street between McKan avenue and the railroad in order that he might lay bricks into the new wholesale grocery building he has erected there. Establishing certain provisions, council granted the permission.

Reports were received and bills paid. The report of Treasurer E. W. Hastings for the month of March showed receipts of $1,367, disbursements of $4,535.99 and a balance in the treasury of $29,209.91.

Burgess S. E. Woodward reported 89 arrests, $237 assessed in fines and $210 collected.

Tax Collector J. W. Mathias reported tax collections for April and May, the total amount being $414.33.

RHEUMATICS ARE MADE HAPPY

Satisfied That "Neutrone Prescription 99" is All That's Claimed

This reliable prescription has, since being placed in the hands of the public, done more to remove Rheumatic Troubles than all previous remedies combined.

It is different from other remedies in that it does not upset the stomach or impair the heart, a condition heretofore thought impossible.

It is not a cure-all but a remedy to be taken internally treating Rheumatism as a constitutional disease, by its general action through the Blood.

The treatment is a most complete combination of rheumatic-reducing elements and is dependable to produce results from the fact it aims at rheumatism as a disease of the blood, 50c and $1.00 the bottle. W. F. Hennings the druggist and leading druggist everywhere.
